Web Automation

Mobile Automation

API Automation

Software Test Specialist

Automation, API and database tests of Koçfinans Customer and Dealer mobile application were automated. 2 mobile applications were developed from scratch with our Scrum Team (5 Developers, 1 Scrum Master, 1 Product Owner, 1 QA).

Used Techs

(Java, JavaScript, SQL, BDD, TDD, Gauge, Cucumber, Appium, Selenium, Web/Mobile Automation, Test Cases, Performance Testing, Api Testing, Postman, Kibana, Elasticsearch, Manual Testing, Git, Agile, Sonarqube, DataGrip, IntelliJ IDEA, Swagger, Bitbucket, Jenkins, Microservices, JUnit, JMeter)

Projects:

- Koçfinans Müşteri Mobil
- Koçfinans Bayi Mobil(Pusula)

TESTINIUM March 2021 Feb 2022

Web Automation

Mobile Automation

API Automation

Software Test Engineer

Automation and API tests of Erdemir company's web and mobile application were automated. Tests of 2 mobile and 2 web applications were developed from scratch with our Scrum Team (6 Developers, 1 Scrum Master, 1 Product Owner, 3 QA).

Used Techs

(ISTQB, Soap, Karate, RestAssured, Java, JavaScript, SQL, BDD, TDD, Gauge, Cucumber, Appium, Selenium, Web/Mobile Automation, Test Cases, Performance Testing, Api Testing, Postman, Kibana, Elasticsearch, Manual Testing, Git, Agile, Sonarqube, DataGrip, IntelliJ IDEA, Swagger, Bitbucket, Jenkins, Microservices, JUnit, Meter)

Projects:

- Erdemir Müşteri Mobil
- Erdemir Üretim ve Stok Mobil
- Erdemir Müşteri Web
- Erdemir Üretim ve Stok Web

ARVEN ADA October 2019 March 2021

Software Test Engineer

I provided services as an outsource-contracted service. On the backend side; I wrote APIs with java and .Net Core. On the testing side; I wrote Api(Karate, RestAssured, Postman), web(Selenium), mobile(Appium) tests using .NetCore, Java and Python.

SOFTTECH June 2019 Sept 2019

Unit Test

Web Automation

Software Test Engineer Intern

While İşbank's services abroad were converted to Springboot, unit tests for these services were written. Tests for multiple services were written with our Scrum Team (15 Developers, 1 Scrum Master, 1 Product Owner, 1 Team Lead, 8 QA).

Used Techs

(JUnit, Microservices, Git, Jenkins, Spring Boot)

Projects:

- Isbank Microservices
- Isbank Web Automation

PROFESSIONAL SKILLS

- Java
- .NET Core
- SQL
- Mobile Testing
- Test Automation
- Api Testing SOAP UI & Postman
- Karate & Rest Assured
- Selenium & Appium
- JMeter
- ISTQB
- Git
- BDD/TDD
- Karate
- Gauge & Cucumber
- Test Reporting
- Testinium AI
- Manuel Testing
- Agile & Scrum
- TestNG & JUnit
- Kibana & Elasticsearch
- Swagger
- JIRA & Azure Boards
